WINES

Château Labadie 2020: Complex and refined Bordeaux blend

Deep dark red color, with purple highlights. Its nose is powerful and deep, with empyreumatic and red fruit notes.

Its mouth is intense and rich, with a beautiful sweetness and a tannic structure highlighted by the general roundness.

Labadie is the birthplace of my family and our history. We still have a winery and vines there today. This vintage represents the passion of several generations and the authenticity of the beautiful Bordeaux terroirs, which are sometimes known, sometimes less...

Château Laroche Joubert 2020: Merlot in balance

The color is clear and shiny. The elegant nose with a delicately woody, spicy and vanilla bouquet, which when stirred opens up with notes of fresh fruit.

The palate is fresh with round and melted tannins.

This cuvée with a large predominance of Merlot is a Côtes de Bourg to be enjoyed at any time. Its suppleness and fruitiness make it accessible to all palates, with or without accompaniment.

Because Bordeaux must remain accessible!

Cuvée Gabin 2021: The freshness of Malbec

With a purplish color, the nose of this wine combines aromas of small red fruits such as redcurrant, with more spicy notes.

The gentle extraction process lets the crunch of the fruit express itself, giving a supple and refreshing taste.

Here we break the codes: a single varietal Malbec 100% fruit 0% extraction, a nice juicy and pleasant aperitif wine. Summer red wine to be served chilled, it is nonetheless a true AOC Côtes de Bourg.

MENU

Starter: Homemade country pâté and seasonal appetizers.

Main Course: Entrecôte à la bordelaise grilled on vine branches.

Cheese: Assortment of local cheeses.

Simple, very French, very good, and excellent with our range of wines.

ATTRACTIONS

Visit to the village of Bourg: Discovery of the charm of the small village of Bourg, already appreciated during previous visits.

The Corniche de la Gironde: Picturesque stroll along this tourist route, nestled between the cliffs of the Dordogne and those of the first hillside of Bourg.

Stop at the Mill: Refreshing break near our plots with tasting of our Malbec, in the shadow of a historic windmill. This fully restored mill not only offers breathtaking views, but also produces flour the old-fashioned way.

Château Labadie 2020

AOC Côtes de Bourg rouge

Gold medals – Concours Paris 2023
91 Pts – Anreas Larson
